

Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

CONCRETE SPREADING.

One by One the Old Brick Sidewalks Are Disappearing.

Concrete may literally be said to be spreading itself all over the city. So popular is it becoming that not only Main street and others in the business part of town, but in the residence portions of the city it is fast supplanting the old brick sidewalks. Messrs. Frank Dabney and John Bell and Miss Susie Stites are having the old brick pavements torn up and concrete is to take their place. The advantages of concrete over brick are "too numerous to mention." All over the country concrete work is rapidly becoming a great industry, buildings fourteen and fifteen stories high have been built of reinforced concrete and have proven satisfactory in every way.

AT PEWEE VALLEY

Daughters of Confederacy Are Holding State Convention.

The State convention of United Daughters of the Confederacy is in session at Pewee Valley this week, with about 175 delegates present.

The Christian county chapter, which has 108 members, is represented by six delegates, as follows: Mrs. Chas. M. Meacham, President; Mrs. Nat Gaither, Mrs. P. P. Huffman and Misses Mary Redd, Annie Fruit and Ermine Van Cleve. Mrs. S. A. Edmunds, who is a State officer, and Mrs. T. R. Troendel are also attending.

Mrs. R. W. McKinney, of Paducah, is State President and will probably be re-elected.

Jas. Smith has been given a verdict of \$5,500 against the city of Henderson, on account of the falling of an electric light pole on him, that necessitated the amputation of his leg.

EXCITED CROWD LITTLE FIRE.

Fire Started Under Concrete

Kitchen Floor of Hotel Latham.

LOSS IS ABOUT \$25.00.

Had It Been at Later Hour It Might Have Been Serious.

A thousand or more people gathered about Hotel Latham Tuesday night expecting to see a big fire. The fire bell sounded the alarm at 7 o'clock and the department rushed to the hotel as soon as notified. An attempt was made by Mr. Shaw, the day clerk, to turn in the alarm, but, for some cause, the system failed to work, when a boy was sent up to the department building.

The fire originated in the ceiling of a room on the first floor under the Kitchen range. As the floor of the kitchen is made of concrete there was no way of getting at the fire except by knocking off the plastering and laths above the storage room. When this was done the small hose belonging to the hotel was attached to the engine in the basement and the fire was extinguished in a few minutes. The fire department did not have to attach their hose to a fire plug. Mr. Shaw says that \$25 will cover all damages.

Supper was being served in the main dining room and the guests were undisturbed. Had the fire started after the dining room had been closed for the night the result might have been more serious. The smoke was confined to the room under the kitchen, several gentlemen

being in the reading room did not know anything of the fire until after the crowd had dispersed. Mr. Shaw thinks that the intense heat of the range, which rested on the concrete floor, had gone through the concrete and set the joists on fire, as two or three of them were slightly charred.

NO TRIAL YET

Of Frank Allen, Under Arrest For Stealing Hams.

Frank Allen, the negro who was arrested Sunday morning last about 3:30 o'clock, while removing half a dozen hams from the back door of Clark & Denton's grocery, is still in the lockup awaiting his examining trial. The time has not been fixed, as the police are gathering additional evidence against him and have arrested another negro, supposed to be an accomplice.

ELDER MOORE

Engaged in Meeting in Hopkins County.

Elder T. D. Moore, of this city, is engaged in a series of meetings at Nebo, Hopkins county. On account of the continued rain the attendance has not been very large, but there have already been several additions to the church.

WOMAN RETAINED.

Paducah's Trouble Over a Teacher is Settled.

Paducah, Ky., Oct. 2.—After trying up the election of an English teacher in the High School department since September 12, the Special Committee on Arbitration decided last night to permit Miss Emma Morgan, the former English teacher, to remain in the schools, giving her a principalship in an outlying school. The School Board was deadlocked for weeks over the matter, and finally resorted to the Board of Arbitration, which itself locked for weeks. It was the hardest school fight in the history of the Paducah schools. Miss Morgan was charged with inefficiency and insubordination. She has been connected with the schools for twenty-three years.

WILL LIVE HERE.

New Methodist Presiding Elder and His Family.

The many friends of Rev. John W. Lewis will be glad to learn that he is going to take up his residence in Hopkinsville. The information came through Dr. A. P. Lyon, pastor of the Methodist church, who had a conversation with Mr. Lewis over the phone Tuesday. Dr. Lewis told Dr. Lyon that he and his family would arrive in Hopkinsville yesterday morning, and asked Dr. Lyon to find him a house and arrange some other matters for him at once.

Dr. Lewis is presiding elder of the new district created by the Louisville Conference, which was in session at Central City and adjourned Monday. The new Conference district will be called the "Hopkinsville District," and is composed of several adjoining counties formerly in the Russellville and Princeton districts. Dr. Lewis is well known here and will receive a hearty welcome by the people generally.

OF VITAL INTEREST TO EVERY CITIZEN.

MR. HERMAN REESE.

A Man of Prominence in School Circles and Overseer of the Poor Says Peruna Has Proven a Most Efficacious Remedy.

Herman Reese, 18 New Butternut St., Syracuse, N. Y., is President of the Board of Trustees of Webster graded schools, Dist. 8, in the town of Salina. He is also Overseer of the Poor, which position has afforded him ample opportunity for noting the causes of disease, as well as the best means of preventing and curing the same.

He expresses his approval of the use of Peruna as a very effective means of solving a problem of such vital interest to the community, as follows:

"Exposure seems to affect the lungs and kidneys of the poor and I have seen hundreds of these who were broken down in health from this cause. I am pleased to tell you that Peruna has proven a most efficacious remedy in a number of cases where no other medicine was used. I consider it a specific for any disorders of the respiratory organs."

The Athenæum.

The Athenæum will meet to-night at Hotel Latham, at 7:30. There will be papers by Messrs. Rives, Stites and Underwood.
